Next caGrid Users Group Monthly Teleconference

Third Thursday of each month. Visit the cagrid.org Users Group page for more information

caGrid Knowledge Center Collaborators

This Knowledge Center is a resource for principal investigators, program managers, project leads, and software developers who are creating a biomedical informatics infrastructure or currently using caGrid.

We recommend Principal Investigators and Program Managers review the caGrid Executive Introduction for an initial introduction to caGrid.

caGrid in Action

Read about caGrid in Action, featuring projects that make use of caGrid in scientific research studies.

Tools

caGrid: caGrid 1.4 and related caGrid Essentials

The caGrid Knowledge Center provides support for:

- The latest 3 official releases of caGrid (currently caGrid 1.3, 1.2, and 1.1).
- Patches created by the caGrid Development Team and caGrid Knowledge Center.
- Official releases of caGrid extensions created by the caGrid Development Team and caGrid Knowledge Center.

Tool Access

Downloads

Download caGrid-1.4.zip.

Download the caGrid 1.4 Installer.

View caGrid Installer Instructions.

Source Code

You can build the source code to retrieve the latest changes.

Useful Information

- To use the caGrid 1.4 installer, you will need to download Sun Java JDK 6. **OpenJDK and IBM JDK *are not* approved for use with caGrid.**
- If you would rather not use the installer, you can manually install caGrid.
- Are you installing caGrid version 1.3 again? Read more.
- caGrid Software Compatibility Table

caGrid KC Supported Software

The caGrid KC provides support for all aspects of the following caGrid releases:

- caGrid 1.4
- caGrid 1.3
- caGrid 1.2
